AN INITIATIVE OF

Kopitiam Open Studio Season 3

Calling for Malaysian Property Developers

Kopitiam Open Studio (KOS) was first introduced during the 57th IFLA 2020 World Congress hosted online by the Institute of Landscape Architects Malaysia (ILAM). This online programme featuring Malaysia landscape architecture consultancy firm and their selected projects. Given the great response from the industry, we are rolling out 12 episodes for Season 3 with format focused on development that highlights their landscape components as the selling point.
