

ILAM Membership Reinstatement Policy and Renewal Arrangements

Dear ILAM Members,

Please be informed of the following important matters regarding ILAM membership status, reinstatement, and renewal arrangements:

1. The ILAM membership reinstatement policy will **end by 31 December 2026**. Members with any outstanding fees not paid by then will have their membership **dropped, regardless of membership tier**.
2. Active membership is defined as membership with no outstanding membership payment.
3. This is important, as ILAM membership is the **entry point** for LPBM registration. Only landscape architects with **active ILAM membership status** are permitted to register with Lembaga Perancang Bandar Malaysia (LPBM).
4. For Registered Landscape Architecture Consultant Firms, ILAM will not accept any new registration. To facilitate the transition, ILAM will **extend the validity date of current active Registered Landscape Architecture Consultant Firms to 31 December 2026** upon request **without any charges**, or for active registered firms who are in the process of registering with LPBM, to facilitate current transition and authority submission process.
5. As LPBM renewal **begins every 1st of January**, ILAM membership renewal for the year 2027 will **start by 15 September 2026** to facilitate the process. Members are encouraged to arrange their own time accordingly.

Members are urged to take note of the above and to act promptly to ensure their membership remains active and in good standing.

Thank you.
